EIGHTH ORDER OF BUSINESS Supervisors Requests and Audience Comments

An audience member noted that she had sent an email to the CDD regarding a fence that had pieces that were down and asked for an update. She also asked about a fence being at an angle and uneven and Mr. Tindall responded that there had been severe weather and they would have the fence fixed soon. As far as the uneven fence was concerned, Mr. Tindall responded that the fence had been built that way as a result of the uneven ground and it was much less expensive than having it leveled out. He also noted that he would have the GMS workers that were going to fix the broken fence look at the uneven portion as well to see if it was something that could be fixed. Another audience member asked where the map was located that showed the parking sections, and Ms. Burns noted that she would add the map to the final agenda that would be posted.

The previous audience member also asked if there were any additional amenities that were proposed by the developer, and Ms. Burns responded that there were not.

NINTH ORDER OF BUSINESS
